Re: Surplus Vehicles

Franklin County Emergency Management Agency has received a donation of two (2) 2007 Chevrolet Impala sedans from the City of West Frankfort.

The donated vehicles will replace the following vehicles in the FCEMA Fleet:

- Surplus Vehicle #1: 2000 Ford Crown Victoria – VIN: 2FAFP71W2YX187875
- Surplus Vehicle #2: 2003 Chevrolet Impala – VIN: 2G1WF55K739202871

Surplus vehicle #1 is currently in operation but has a transmission issue developing. Surplus vehicle #2 has maintenance issues in excess of \$1000.00 that our agency has deemed to be too costly to repair and was placed out of service earlier this year.

I have received donation requests for both surplus vehicles. We would like to suggest that the County Board donate the surplus vehicles to the following public safety agencies:

Surplus Vehicle #1 to the Buckner Fire Department.  
Surplus Vehicle #2 to the Coello Fire Department .

Both of these agencies have requested donation of these vehicles to serve as support/first response vehicles for their Fire Departments. I appreciate any consideration these requests will receive from the County Board.

Respectfully,
