FRANKLIN COUNTY FINANCIAL REPORT (CASH BASIS)
 July/August 2016

I. GENERAL COUNTY REVENUE

August 31 marked the completion of 75% of our fiscal year. The chart below shows year-to-date revenue for major line items along with a comparison of last year's receipts for these items at the same point in time. The third column represents our FY 2016 budget for these items, and the final column shows what percentage of the line item we have actually received.

Please take note of the areas of concern. If these seven bolded items were at 75%, it would represent an additional \$245,000 in revenue for the general fund. I have also learned this week that we will not receive any flood control monies from the State of Illinois until a budget is passed. This represents an additional \$86,000 shortfall. These two items combined represent a \$331,000 shortfall in revenue for the current fiscal year. If spending for the remainder of this fiscal year is not addressed by the county board, the general fund will plunge deeper into the red.

II. GENERAL COUNTY DISBURSEMENTS

The chart below shows departmental expenditures through August 31.

The Probation department will likely exceed its budget by over \$25,000. This is due in part from the transition from Jefferson County to Franklin County. The Superintendent of Schools department will likely exceed its budget by over \$35,000. However, this increase in expenditures will be accompanied by a similar increase in revenues.

The drastic decrease in revenues means that if all departments meet their budget for expenditures, the general fund will go deeper in the red. The board must consider reopening the budget address the decrease in revenues.
