Re: New Franklin County Courthouse – Asphalt Roof Shingle Color

Dear Board Members,

Please find presented here color options for the Asphalt Roof Shingles along with the previously approved brick and limestone samples. WBA originally requested these four full size samples to review for color coordination purposes for the new Courthouse. While we believe any of these four colors would be suitable for your new courthouse, our recommendation/ranking of the colors are as follows:

- #1 **Colonial Slate** - *subtle hints of red in the main field of color, coordinates with brick*
- #2 **Stonegate Gray** - *the main field of color provides a classic green undertone*
- #3 **Black Pearl** - *makes a deep, bold statement*
- #4 **Gatehouse Slate** - *variegated brown and green colors throughout*

Should you have any questions regarding these or any samples, please feel free to contact me.

Sincerely,

White & Borgognoni Architects, P.C.
