To the Board Members and
Management of Franklin County
Franklin County Courthouse
Benton, IL 62812

In planning and performing our audit of the financial statements of Franklin County, Illinois as of and for the year ended November 30, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered Franklin County's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

However, during our audit we became aware of an opportunity to strengthen internal controls and operating efficiency, as summarized below:

Stabilization Policy

Franklin County's General Corporate does not have a formal stabilization plan in the event of an emergency situation or when revenue shortages or budgetary imbalances arise. We recommend that the County Board establish a formal stabilization plan in which provisions and controls dictate the circumstances under which funds set aside can be spent. The stabilization plan should include amounts for budget or revenue stabilization, working capital needs, contingencies or emergencies, compensated absences, Courthouse repairs and maintenance and other designated purposes.

Segregation of Duties

County Treasurer's Office:

The County Treasurer's staff make deposits, enter receipts on the general ledger, and prepare bank reconciliations. We recommend that duties be rotated so that no one individual handles a transaction from its inception to its completion. The cost versus benefit of hiring additional qualified staff is not conducive for the County. In addition, we recommend that the County review the bonding insurance with their insurance provider to insure proper bonding coverage.

County Clerk's Office:

The County Clerk is the only check signer on the bank accounts managed by the County Clerk's office. This practice weakens the internal controls over cash by vesting complete disbursement authority in one person. We recommend the County develop a policy whereby checks written over a predetermined amount require two signatures. Allowances within this policy could be made for normal and recurring disbursements that exceed the established dollar limit.

Sheriff's Office:

Currently, the office manager at the Sheriff's office collects receipts, initiates disbursements, signs checks and prepares bank reconciliations. The Sheriff's office staff has limited personnel and the cost versus benefit of hiring additional personnel would not be conducive for the County. To strengthen internal controls, we recommend that the Sheriff reviews the bank statements and cancelled checks each month to provide oversight to the officer manager's responsibilities.

Revision of Capitalization Policy

Currently, the County's capitalization policy states that assets costing \$500 or more will be considered a capital asset. Considering the size of the County's finances, we believe the level of capitalization threshold is too low for an organization this size. We recommend increasing the capitalization threshold as follows for future capital asset purchases:

Equipment	\$	2,500
Buildings and Improvements	\$	10,000
Infrastructure (including roads, bridges, sidewalks)	\$	50,000

Capital Asset Management

During the audit, we noticed that the capital asset schedule maintained by the County has several assets that may need to be removed for assets that have been disposed in the past. Also, the capital asset descriptions on the schedule are vague and difficult to identify specific capital assets.

We recommend that the manager of each County Department review the capital asset schedule and remove any items that are no longer owned by the County and used by their Department. We also would recommend that the manager provide more detailed description of the assets still held by their Department.

Proper Collateralization at Regions Bank

As of November 30, 2018, the deposits at Regions Bank were not fully covered by FDIC. In the event of bank failure, the deposits exceeding FDIC (\$250,000) are not guaranteed. As of November 30, 2018, the deposits exceeding FDIC at Regions Bank totaled \$68,491. We have notified the County Treasurer and he has subsequently obtained proper collateralization for funds exceeding \$250,000 at Regions Bank.

Negative Cash Balance

A few of the County's funds reported negative cash balances as of November 30, 2018. The most material negative cash balance was the General Fund totaling (\$1,078,652) in the pooled Peoples National Bank account. This practice results in defacto loans to the General Fund from other funds. We suggest that cash balances in each fund be monitored regularly and if the General Fund balance is negative that the Board formally approve authorized loans from other funds.

We will review the status of these comments during our next audit engagement. We have already discussed these comments with personnel, and we will be pleased to discuss them in further detail at your convenience or to assist you in implementing the recommendations.

Sincerely,

Emling & Hoffman, P.C.

INDEPENDENT AUDITOR'S REPORT

Franklin County Board
Franklin County Courthouse
Benton, IL 62812

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Franklin County, Illinois as of and for the year ended November 30, 2018, and the related notes to the financial statements, which collectively comprise Franklin County, Illinois' basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Franklin County, Illinois, as of November 30, 2018, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5 - 10, the IMRF schedules of pages 53 - 56, and the budgetary comparison information on pages 57 - 71 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

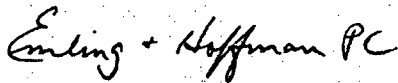

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Franklin County, Illinois' basic financial statements. The combining and individual fund statements and schedules, and the listing of individual funds, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund statements and schedules and the listing of individual funds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund statements and schedules and the listing of individual funds are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 28, 2019, on our consideration of Franklin County, Illinois' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Franklin County, Illinois' internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Franklin County Board
Franklin County Courthouse
Benton, IL 62812

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Franklin County, Illinois, as of and for the year ended November 30, 2018, and the related notes to the financial statements, which collectively comprise Franklin County, Illinois' basic financial statements and have issued our report thereon dated May 28, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Franklin County, Illinois' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Franklin County, Illinois' internal control. Accordingly, we do not express an opinion on the effectiveness of Franklin County, Illinois' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be significant deficiencies. [Finding 2018:1; 2018:2; 2018:4].

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Franklin County, Illinois' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards*. [Finding 2018:3]

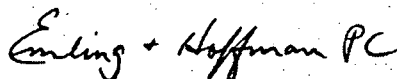

We noted certain matters that we reported to management of Franklin County Government in the attached schedule of findings.

Franklin County, Illinois' Response to Findings

Franklin County, Illinois' response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Franklin County, Illinois' response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended November 30, 2018

This Management's Discussion and Analysis of Franklin County, Illinois provides an introduction to the major activities regarding the operations of the County and an introduction and overview to the financial performance of the County for the fiscal year ended November 30, 2018.

Following this Management's Discussion and Analysis are the basic financial statements of the County and the notes to the financial statements that are both essential to a full understanding of the financial information contained in the financial statements.

Financial Highlights

When considering the Statement of Net Position on a full accrual basis, the County's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at November 30, 2018 by \$6,105,428. Total assets are equal to \$15,478,839, of which \$7,869,126 is restricted. Liabilities are equal to \$11,385,977. Total net position is comprised of the following: Net investment in capital assets, of \$3,510,424 include property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets. Net position of \$3,408,415, the net of the Pension Benefit and the Purpose of Fund is restricted by constraints imposed by debt covenants, grantors, laws or regulations. Unrestricted net position of (\$813,411) represents the portion available to maintain the County's continuing obligations to citizens and creditors.

After considering the Balance Sheet on a modified accrual basis, the County's governmental funds reported total ending fund balance of \$7,799,606 this year, a decrease of \$401,129; a 5% decrease from the prior year. At the end of the prior fiscal year, unassigned fund balance for the General Fund was (\$698,328). The current fiscal year end is (\$813,411). Unassigned fund balance represents the residual amount of a government's general fund equity and includes all spendable amounts not reserved for other purposes.

- The County decreased their debt obligations by \$265,188 during the year, resulting in a long-term debt obligation balance (excluding the County's Pension Obligation) at November 30, 2018 of \$2,521,272.
- The County spent \$678,381 on capital assets including an additional \$107,007 on building and land improvement projects, \$368,363 on roads and bridges, \$120,402 on vehicle purchases and \$82,609 on other miscellaneous equipment and furniture.

Please refer to the notes to the financial statements for further information.

Overview of the Financial Statements

Management's Discussion and Analysis introduces the County's basic financial statements. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements.

MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended November 30, 2018
(Continued)

Government-wide Financial Statements

The County's audit report includes the *Statement of Net Position* and the *Statement of Activities*, both of which are government-wide. The *Statement of Net Position* is the County-wide statement of financial position presenting information that includes all of the County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the County as a whole is improving or deteriorating. Evaluation of the overall economic health of the County would extend to other non-financial factors such as diversification of the taxpayer base of the condition of the County infrastructure in addition to the financial information provided in this report. The second government-wide statement is the *Statement of Activities*, which reports how the County's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the County's distinct activities or functions on revenues provided by the County's taxpayers.

Both government-wide financial statements distinctively report governmental activities of the County that are principally supported by taxes and intergovernmental revenues. Governmental activities include general government, public safety, public welfare, transportation, other, and judiciary and court related services.

Fund Financial Statements

A fund is an accountable unit used to maintain control over resources segregated for specific activities or objectives. The County uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the County's most significant funds rather than the County as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation.

The County has two types of fund:

Governmental funds encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the County's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources during the year and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Fiduciary Funds are used to account for resources held by the County as either a trustee (a party that administers property for a beneficiary) or an agent (one who acts on behalf of another). Franklin County reports three types of fiduciary funds:

Private-Purpose Trust Fund - The Private-Purpose Trust Fund accounts for assets that are held for the benefit of individuals, private organizations, or other governments.

Pension Trust Fund - The Pension Trust Fund accounts for the disbursement of the County's and employee's contributions to the Illinois Municipal System.

MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended November 30, 2018
(Continued)

Agency Funds - Agency Funds are generally used to account for assets that the County holds temporarily for other parties. The County is mainly responsible for receiving the assets, and for distributing them to the parties entitled to them.

Notes to the Basic Financial Statements

The notes to the basic financial statements are an integral part of the government-wide and fund financial statements and provide essential information necessary for fair presentation of the financial statements.

Required Supplementary Information

The Management's Discussion and Analysis, IMRF required schedules, and the Budgetary Comparison Schedules represent financial information, which provides users of this report with additional data that supplements the government-wide statements, fund financial statements, and notes. Notes to the required supplementary information accompany the schedules to provide relevant information. This information is provided to address certain specific needs of various users of the report.

Other Supplementary Information

The combining and individual nonmajor fund financial statements, and listing of funds are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Capital Assets and Debt Administration

Capital Assets, Net of Accumulated Depreciation

At the end of November 30, 2018, the County had the following capital assets (net of accumulated depreciation).

	Governmental Activities
Land	\$ 110,250
Construction in Progress	368,363
Automobiles	1,093,410
Buildings and Improvements	10,009,671
Infrastructure	20,154,549
Machinery and Equipment	5,154,059
Furniture and Fixtures	439,275
Software	328,273
Accumulated Depreciation	(31,623,052)
Total	\$ 6,034,798

During the year, the County made several purchases. The County completed building and land improvement projects by incurring an additional \$107,007 during the year as well as \$368,363 on infrastructure projects such as bridges and roads. During the year, the County also spent \$120,402 on County vehicles and \$82,609 on various equipment and furniture and fixtures. The County recorded depreciation expense of \$675,832 for the year ended November 30, 2018.

MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended November 30, 2018
(Continued)

Debt Administration

The balance of the 2012 Revenue Bond Payable at November 30, 2018 is \$2,025,000. The County paid \$85,170 of interest on the bonds and retired \$160,000 of principal during the fiscal year.

The County paid the remaining principal balance of the 2013 Southern Illinois Bank Note Payable of \$55,000 and interest of \$2,338 during the year ended November 30, 2018.

The balance of the 2016 Southern Illinois Bank Note Payable at November 30, 2018 is \$496,272. The County paid \$19,495 of interest and retired \$23,591 of principal on the note during the fiscal year.

On June 13, 2018, Franklin County, Illinois issued a tax warrant of \$250,000 with Southern Illinois Bank. The County repaid \$250,000 on August 3, 2018, including \$1,048 in interest expense. There were no outstanding tax warrants as of November 30, 2018.

The County's 911 paid the remaining principal balance of the KS State Bank Note Payable of \$26,597 and interest of \$2,467 during the year ended November 30, 2018.

Financial Analysis of the County's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. No new GASB Statements were implemented during the year.

Budgetary Highlights

The County annually prepares a budget appropriation, which includes all fund types. The budget initiation process follows applicable rule and regulations.

The adopted General Fund appropriations budget for fiscal year 2018 was \$7,286,123, a decrease of 5.05% from the prior year.

The general fund revenue stayed within budget receiving \$114,667 more than budgeted. The general fund expenditures exceeded budgeted expenditures by \$253,331.

The expenditures of the governmental major funds all remained within the County's budget. Most of the governmental major funds had revenue that exceeded the County's budgeted revenue.

There are no known changes or circumstances that would affect fiscal year 2019 appropriations ordinance. The budget will not be modified during the current budget year to account for the sales tax increase due to the courthouse construction project. Tax revenue from the tax will be collected at point of purchase starting July 1st, but the county will not receive those funds until possibly October or November.

The County does not employ encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditures of monies are recorded in order to reserve that portion of the applicable appropriation.

MANAGEMENT'S DISCUSSION AND ANALYSIS

For the Year Ended November 30, 2018

(Continued)

Economic Factors and Next Year's Budgets and Rates

No conditions were noted that would be expected to have a significant effect on the financial position or results of operations of the County.

A sales tax for construction for a new courthouse project will increase the county's revenues likely starting October 2019. However, this tax is limited in scope to just the courthouse project construction. These additional funds cannot be used to help offset shortfalls in future budgets.

The County Board has sent out a memorandum to all departments that their budgets must be reduced in the next budget year. I am confident that the County Board will work with the Treasurer to make a sustainable budget that can start reducing years of deficits.

The County Clerk completed a cost study that found their current fees were below what they could reasonably charge. Those fees have been increased during the current budget, but are not reflected in the current budget. This additional revenue will be reflected in the new budget.

The Sheriff has implemented a fee to help support systems inside their vehicles. Some of their other fees have not been updated since 2011 or later, and are less than neighboring counties. The Sheriff is currently looking at increasing these fees to better cover costs.

The Treasurer will be implementing new fee that will cover sale-in-error fees that the General Fund has been burdened with each year. There is also the potential to move a portion of the excess funds each year to the General Fund after about 5 years. The Treasurer will work closely with all departments to help them find ways to bring their costs down, while keeping them on budget throughout the year.

Financial Analysis of the Governmental Activities

The following table summarizes and compares the financial performance for the County for the fiscal year ended November 30, 2018 to the prior year.

The net position for the current year decreased \$184,030, a 2.93% decrease from the prior year. Revenue increased \$488,129, a 3.00% increase. Expenses decreased marginally with a difference of \$110,083, a decrease of .61% as compared to the prior year. The County has increased fees and rates and has been more conscious of reducing costs and tightening the budget.

The net change in net position (net income) for the fiscal year ended November 30, 2018 is (\$221,146), an increase in net income of \$580,368 from the prior year. Depreciation expense for the year totaled \$675,832, up 11% from the prior year.

Requests for Information

This financial report is designated to provide a general overview of the Franklin County's finances for all those with an interest in the County's finances. Questions concerning the information provided in this report or requests for additional financial information should be addressed to the Franklin County, P.O. Box 967, Benton, Illinois 62812.

The Management's Discussion and Analysis for Franklin County, Benton, Illinois 62812
For the Year Ended November 30, 2018.

FRANKLIN COUNTY, ILLINOIS
Reconciliation of the Governmental Funds, Statement of Revenues,
Expenditures, and Changes in Fund Balances to the Governmental
Activities in the Statement of Activities
For the Year Ended November 30, 2018

Amounts reported for governmental activities in the statement of activities differ because:

Net Change in Fund Balances of Governmental Funds	\$	(401,129)
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.		2,549
The net effect of various miscellaneous transactions involving capital assets to increase net position.		-
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		-
Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position. This is the amount by which proceeds exceeded repayments.		265,187
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		(87,753)
Net Change in Net Position of Governmental Activities	<u>\$</u>	<u>(221,146)</u>

The accompanying notes to the basic financial statements are an integral part of this statement.

NOTES TO BASIC FINANCIAL STATEMENTS

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements
November 30, 2018

NOTE A - Summary of Significant Accounting Policies

Franklin County (the “County”) was incorporated on January 2, 1818 under provisions of the State of Illinois and operates as a second class county. The County has a population of approximately 39,500 residents and covers an area of 430 square miles. The County operates under the Township form of government with nine elected board members, and provides the following services: general government, public safety, public welfare, judiciary and court related, and transportation.

The accounting policies of the County conform to accounting principles generally accepted in the United States of America as applicable to governments except as noted. The Governmental Accounting Standards Board (GASB) is the authoritative standard setting body for the establishment of governmental accounting and financial reporting principles. The accounting and reporting framework and the more significant accounting principles and practices of Franklin County Government are discussed in the subsequent sections of this note. The remaining notes are organized to provide explanations, including required disclosures, of the County’s financial activities for the fiscal year ended November 30, 2018.

1. Financial Reporting Entity

The County defines its reporting entity in accordance with provisions established by the Governmental Accounting Standards Board (GASB). GASB requirements for inclusion of component units are based upon whether the County’s governing body has a significant amount of financial accountability of another entity. The County is accountable if it appoints a voting majority of an entity’s governing body and is able to impose its will on that entity, or there is a potential for the entity to provide specific financial benefits to, or impose specific financial burdens on the County. Based on these requirements, no other entities are considered to be component units of the County. The government-wide financial statements incorporate all governmental activities for which the County is financially accountable.

Related organizations are excluded from the financial reporting entity because the County’s accountability does not extend beyond making board appointments. The County has no significant influence over the management, budget or policies of the related organizations.

2. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements

The government-wide financial statements (i.e., the *statement of net position* and the *statement of activities*) report information on all of the non-fiduciary activities of the primary government.

The Statement of Net Position presents the reporting entity’s non-fiduciary assets and liabilities, with the difference reported as net position. Net position is reported in three categories:

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE A - Summary of Significant Accounting Policies - Continued

2. Government-Wide and Fund Financial Statements - Continued

Government-Wide Financial Statements - Concluded

Investment in Capital Assets, Net of Related Debt - consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt that are attributable to the acquisition, construction, or improvement of those capital assets.

Restricted Net Position - results when constraints placed on net position use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Position - consists of the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

The *statement of activities* demonstrates the degree to which the direct expenses of a given function of segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges, provided by a given function or segment, and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as *general revenues*. Major individual governmental funds are reported as separate columns in the fund financial statements.

Governmental Fund Financial Statements

Governmental fund financial statements include a *Balance Sheet* and a *Statement of Revenues, Expenditures, and Changes in Fund Balances* for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the government-wide financial statements. The County has presented certain funds as major funds because the County believes the financial position and activities of these funds are significant to the County as a whole.

The fund financial statements present information about the County's funds, including its governmental and fiduciary funds. Separate statements for each fund category – government and fiduciary – are presented. The emphasis of fund financial statements is on major governmental funds. All remaining governmental funds are aggregated and reported in a separate column.

NOTE A - Summary of Significant Accounting Policies - Continued

2. Government-Wide and Fund Financial Statements - Continued

Fund Balance Classification

The County implemented the provisions of GASB Statements No. 54, Fund Balance Reporting and Governmental Fund Type Definitions. The purpose of GASB is to improve the consistency and usefulness of the fund balance information to the financial user. The statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which the organization is bound to honor constraints on the specific purpose for which amounts in the funds can be spent.

The classifications used in the governmental fund financial statements are as follows:

Nonspendable - This classification includes amounts that cannot be spent because they are either not in spendable form, or are legally or contractually required to be maintained intact. The County has classified redevelopment inventories and prepaid items as being nonspendable, as these items are not expected to be converted to cash within the next year.

Restricted - This classification includes amounts for which constraints have been placed on the use of the resources either externally by creditors (such as through a debt covenant), grantors, contributors, or law or regulations of other governments, or by law through constitutional provisions or enabling legislation. Debt service resources are to be used for future servicing of the revenue note and are restricted through debt covenants.

Committed - This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the County Board. These amounts cannot be used for any other purpose unless the County Board removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed. This classification also includes contractual obligations to the extent that existing resources have been specifically committed for use in satisfying those contractual requirements.

Assigned - This classification includes amounts that are constrained by the County's intent to be used for a specific purpose but are neither restricted nor committed. This intent can be expressed by the County Board or through the County Board delegating this responsibility through the budgetary process. This classification also includes remaining positive fund balances for all governmental funds except for the General Fund.

Unassigned - This classification includes the residual fund balance for the General Fund and the amount established for Minimum Funding which represents the portion of the General Fund balance that has been established to be used for debt service or in emergency situations. A majority vote of the County Board is required to authorize the spending of any of these funds for any reason. The unassigned classification also includes negative residual fund balances of any other governmental fund.

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE A - Summary of Significant Accounting Policies - Continued

2. Government-Wide and Fund Financial Statements - Continued

Fund Balance Classifications - Concluded

The County would typically use restricted fund balances first, followed by committed resources, and then assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend unassigned resources first to defer the use of these other classified funds. The County Board has not adopted a formal minimum fund balance policy. As required by GASB 54, Fund Balance Reporting and Governmental Fund Type Definition, the County is to formally set a Stabilization Policy to ensure sound financial management and fiscal accountability. The County is to formally set aside amounts for use in emergency situations or when revenue shortages or budgetary imbalances arise. However, these emergency situations should not be routine and should be sufficiently detailed to outline the types of nonrecurring circumstances that merit the use of funds.

Reconciliation of Government-Wide and Fund Financial Statements

The governmental fund income statement includes reconciliation between net change in governmental fund balances and net change in net position of governmental activities as reported in the government-wide *statement of net position*. The difference of \$179,983 is summarized as follows:

Current Year Purchases	\$ 678,381
Depreciation Expense	(675,832)
Loan Proceeds Less Loan Repayments	265,187
Pension Expense	(63,167)
Compensated Absences	(25,318)
Other	<u>732</u>
 Total	 <u>\$ 179,983</u>

The governmental fund balance sheet includes reconciliation between total governmental fund balances and net position of governmental activities as reported in the government-wide balance sheet. The difference of (\$1,694,178) is summarized as follows:

Capital Assets	\$ 6,034,798
Deferred Pension Obligation-Regular	1,805,487
Deferred Pension Obligation-SLEP	302,499
Interest Payable	(3,102)
Deferred Pension Liability-Regular	(4,659,956)
Deferred Pension Liability-SLEP	(1,034,399)
Accrued Absences	(1,522,813)
Bonds Payable	(2,025,000)
Note Payables	(496,272)
Deferred Pension Contribution	<u>(95,420)</u>
 Total	 <u>\$ (1,694,178)</u>

NOTE A - Summary of Significant Accounting Policies - Continued

2. Government-Wide and Fund Financial Statements - Continued

Fiduciary Fund Financial Statements

Fiduciary fund financial statements include a *Statement of Fiduciary Net Position* and a *Statement of Changes in Fiduciary Net Position*. The County's fiduciary funds represent Agency funds, which are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The Agency funds are accounted for on the accrual basis of accounting and are excluded from the *Statement of Changes in Fiduciary Net Position*. Fiduciary funds also represent the pension trust funds. These funds are used to report resources that are required to be held in trust for the members and beneficiaries of defined benefit pension plans, defined contribution plans, other post-employment benefit plans, or other employee benefit plans. The measurement focus is upon determination of and changes in financial position rather than upon net income. Private-purpose trust funds are also included in the fiduciary fund financial statements. These trust funds are used to account for trust arrangements under which principal or interest benefit specific individuals, private organizations, or other governments instead of the reporting government.

Governmental Funds

Governmental funds are those through which most governmental functions are financed. The acquisition, uses, and balances of the County's expendable financial resources and the related liabilities are accounted for through governmental funds.

The following are the County's governmental major funds:

General Fund - The General Fund is the general operating fund of the County. All general tax revenues and other receipts not allocated by law or contractual agreement to another fund are accounted for in this fund. This fund provides for general operating expenditures, fixed charges, and capital improvement costs not paid through other funds.

Special County Bridge Fund - The Special County Bridge Fund is a special revenue fund used for the receipt and disbursement of local funds for county road and bridge construction and repair.

Motor Fuel Tax Fund - The Motor Fuel Tax Fund is a special revenue fund used for the receipt and disbursement of tax funds for county road, maintenance, construction, and repair.

Federal Aid Matching Fund - The Federal Aid Matching Fund is a special revenue fund used for the receipt and disbursement of local funds for road maintenance matching program.

Joint Bridge Fund - The Joint Bridge Fund is a special revenue fund that uses local funds for county bridge construction and repair.

Juvenile Detention Center Fund - The Juvenile Detention Center Fund is a special revenue fund used to account for the receipts and subsequent disbursements of fees charged and reimbursements received for housing juvenile inmates.

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE A - Summary of Significant Accounting Policies – Continued

2. Government-Wide and Fund Financial Statements - Concluded

Governmental Funds - Concluded

County Highway Fund - The County Highway Fund is a special revenue fund used to account for the receipt and disbursement of local funds for county road general maintenance and other costs.

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital assets) that are legally restricted to expenditures for specified purposes.

3. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Government fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Some revenue sources provided by the State of Illinois have been delayed beyond 60 days. For the County, this revenue is still considered available since the revenue is collected and earned during the fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

Grants and entitlements and interest associated with the current fiscal period are all considered being susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered measurable and available only when the County receives cash.

Revenues - Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Generally, available means expected to be received within 60 days of the fiscal year-end. Under the modified accrual basis, only interest is considered to be both measurable and available at fiscal year-end.

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE A - Summary of Significant Accounting Policies - Continued

3. Measurement Focus, Basis of Accounting, and Financial Statement Presentation - Concluded

Revenues - Exchange and Non-Exchange Transactions - Concluded

Non-exchange transactions in which the County receives value without directly giving value in return, includes grants and donations. On an accrual basis, revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the County must provide local resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must be available before it can be recognized.

Expenses/Expenditures

On an accrual basis of accounting, expenses are recognized at the time they are incurred. The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. In the government-wide financial statements, expenses are classified by function for government activities. In the fund financial statements, governmental expenditures are classified by the following character categories: Current (further classified by function), Capital Outlay, and Debt Service.

Interfund Activity

As a general rule, interfund activity has been eliminated from the government-wide financial statements including transfers between funds within the governmental funds.

4. Cash and Investments

The County Treasurer pools cash resources of its various funds, except those of certain special revenue and trust funds, to facilitate the management of cash during the year. The Circuit Clerk maintains an investment pool for all funds of the Circuit Clerk. Cash applicable to a particular fund is readily identifiable in the other supplementary information presented in this report. The balance in the pooled cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested in interest-bearing certificates of deposit. The County considers highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents. Interest income earned on pooled investments is distributed to the appropriate funds based on the average daily balance of the investment in each fund. Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value.

5. Receivables and Payables

All receivables are reported at their gross value and, where appropriate, are reduced by the estimated portion that is expected to be uncollectible. As of November 30, 2018, the County has not recorded an allowance for uncollectible receivables. All payables are reported at their gross value.

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE A - Summary of Significant Accounting Policies - Continued

6. Inventories

Inventory, where reported, is valued at cost and net realizable value. Inventory items consist of road sign materials for use by the 911 department. Reported inventory is offset by a fund balance reserve, which indicates that they do not constitute available spendable resources, even though they are a component of net current assets.

7. Capital Assets

Capital assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The County maintains a capitalization threshold of \$500. If multiple assets whose cost is less than \$500 but the aggregate total is \$500 or more will be considered a capitalized asset. The County does possess infrastructure. However, infrastructure assets are only reported on a prospective approach beginning with the implementation of GASB 34. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Infrastructures	30 years
Buildings	50 years
Building Improvements	20 years
Vehicles	2 - 15 years
Office Equipment	3 - 15 years
Computer Equipment	3 - 15 years

8. Property Taxes

Property taxes are levied based on the assessed value of property as listed on the previous January 1. Assessed values are an approximation of market value. Property taxes are recognized as revenue when they are levied because they are considered to be both measurable and available. Property taxes become a lien on the first day of the levy year and may be paid in two equal installments. The first 2017 payable 2018 real estate tax installment was due July 27, 2018 and the second installment was due September 28, 2018. The County receives its portion of significant distributions of tax receipts approximately one month after these due dates.

9. Deferred Outflows/Inflows of Resources

Deferred outflows of resources represent a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then. For the year ended November 30, 2018, the County reported deferred outflows of resources related to the County's IMRF pension obligation.

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE A - Summary of Significant Accounting Policies – Continued

9. Deferred Outflows/Inflows of Resources - Concluded

Deferred inflows of resources represent an acquisition of net position that supplies to a future period and so will not be recognized as an inflow (revenue) until that time. For the year ended November 30, 2018, the County reported deferred inflows of resources related to the County's IMRF pension obligation.

10. Compensated Absences

Full time permanent employees are granted vacation benefits in varying amounts to specified maximums depending on tenure and collective bargaining agreements with the County. Sick leave accrues to full time permanent employees to specified maximums. The Sheriff's department union contract limits the carryover amount to 80 hours of vacation time per year. All other union contracts limit the carryover amount to 140 hours of vacation time per year. Sick and personal leave cannot accumulate from year to year to be used as compensated time off.

Employees can accumulate sick days to subsequently be paid into the applicable IMRF plan. There is currently no limit on how many days may be accumulated for payment into the applicable IMRF plan. Elected and appointed officials are not eligible to accumulate vacation or sick hours. The liability for compensated absences as of November 30, 2018 is recorded as a long-term liability in the government-wide financial statements.

Because the amount due in one year is not reasonable determinable, there is no short-term liability recorded. A liability for compensated absences has not been recorded in the fund financial statements. Expenses for compensated absences are recognized in the respective funds as employee vacation and sick time is used. The liability for these compensated absences attributable to the governmental activities will be liquidated primarily by the General Fund.

11. Due To and Due From Other Funds

Interfund receivables and payables arise from interfund transactions and are recorded by all funds affected in the period in which transactions are executed.

12. Restricted Assets

Restricted assets are comprised of cash and cash equivalents and investments and represent those funds that are restricted as to use either at the time of receipt, or by action of the governing board or by legal requirements.

13. Interfund Transfers

In the fund financial statements, the County reports legally authorized transfers among funds. Transfers in are recorded by the recipient fund and transfers out are recorded by the disbursing fund.

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE A - Summary of Significant Accounting Policies - Concluded

14. Long-Term Debt and Deferred Debt Expense

In the government-wide financial statements, outstanding debt is reported as a liability. Bond issuance costs, bond discounts or premiums, and the difference between the reacquisition price and the net carrying amount of refunded debt are capitalized and amortized over the respective bonds life using a method that approximates the effective interest method.

The governmental fund financial statements recognize the proceeds of debt and premiums as other financing sources of the current period. The governmental fund financial statements also recognize the payment of interest, debt principal and issuance costs as expenditures of the current period.

15. Use of Estimates

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the basic financial statements and the reported amounts of revenues, expenses, and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE B - Cash and Investments

All funds in the County are allowed to invest excess funds. Each investment is accounted for in the balance sheet of the individual investing fund. Various restrictions on investments are imposed by statutes. The County is authorized to invest in securities by the Public Funds Investment Act of the Illinois Compiled Statutes, Chapter 30, Section 235/2.

The carrying amount of the County's deposits with financial institutions was \$11,363,067 excluding \$100 in petty cash, and the bank balance was \$11,553,612. The bank balance is categorized as follows:

	Category			Bank Balance	Carrying Amount
	1	2	3		
Governmental Activities:					
Major Funds					
General	\$ (126,055)	\$ (1,179,883)	\$ 0	\$ (1,305,938)	\$ (1,078,652)

	<u>\$ 2,574,048</u>	<u>\$ 8,911,073</u>	<u>\$ 68,491</u>	<u>\$ 11,553,612</u>	<u>\$ 11,363,067</u>

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE B - Cash and Investments - Continued

Cash and investments are classified as to credit risk by the three categories described below:

Category 1 – Insured or registered, or securities held by the County or its agent in the County’s name

Category 2 – Uninsured and unregistered, with securities held by the counter party’s trust department or agent in the County’s name

Category 3 – Uninsured and unregistered, with securities held by the counter party, or by its trust department or agent but not in the County’s name

Risks related to the County’s investments are summarized below.

Interest Rate Risk - As a means of limiting its exposure to fair value losses arising from interest rates, it is the County’s policy to limit investments to 180 days or less. Consequently, repurchase agreements, money market accounts, and certificates of deposit are classified as cash equivalents.

Credit Risk - In compliance with Illinois state law, County investments are limited to obligations of the United States of America, obligations guaranteed by the United States of America where the payment of principal and interest are guaranteed by the United States of America, obligations of the State of Illinois or any other state, or any political subdivision or agency of the State of Illinois or of any other state, whether the interest earned thereon is taxable or tax exempt under federal law, special time deposit accounts, and certificates of deposit.

Concentration of Credit Risk - To promote competition in rates and service costs, and to limit the risk of institutional failure, County deposits and investments may be placed with multiple institutions. Therefore, the County Treasurer designates certain banks and trust companies as depositories and establishes maximum deposit levels for each. Investments are also allowable through a public treasurer’s investment pool created under Section 17 of the State Treasurer Act.

Custodial Credit Risk - Custodial credit risk is the risk that in the event of a bank failure, the government’s deposits may not be returned to it. The government does not have a deposit policy for custodial credit risk. The government’s bank balance by categories of custodial credit risk is summarized at the beginning of this note.

Investments - Generally, the County’s investing activities are managed under the custody of the County Treasurer and the Circuit Clerk. The Circuit Clerk will manage the investing activities for court cases and bond postings as mandated by the Court System. County funds may be invested in those instruments listed in the County’s Investment Policy. The Investment Policy is written by the County Treasurer and contains the provisions authorized by the Public Funds Investment Act of the Illinois Compiled Statutes Chapter 30, Section 235/2.

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE B - Cash and Investments – Concluded

As of November 30, 2018, the County invested excess funds with Edward Jones in the form of certificate of deposits and have maturities as summarized below:

	Fair Value	Investment Maturities (in Years)			More than 10
		Less than 1	1-5	6-10	
Fixed Income:					
Certificates of Deposit	\$ 782,016	\$ 0	\$ 782,016	\$ 0	\$ 0
Total	\$ 782,016	\$ 0	\$ 782,016	\$ 0	\$ 0

The deposits are categorized in accordance with risk factors created by governmental reporting standards.

Governmental Activities	Category			Market Value	Carrying Amount
	1	2	3		
<i>Fiduciary Funds:</i>					
Circuit Clerk	\$ 782,016	\$ 0	\$ 0	\$ 782,016	\$ 782,016
Total Fiduciary Funds	\$ 782,016	\$ 0	\$ 0	\$ 782,016	\$ 782,016

NOTE C - Municipal Retirement Fund

IMRF Plan Description

The Franklin County's defined benefit pension plan for regular employees and provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The Franklin County's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of these notes. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE C - Municipal Retirement Fund - Continued

Benefits Provided – Concluded

All three benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lessor of:

- 3% of the original pension amount, or
- ½ of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2017, the following employees were covered by the benefit terms:

	<u>Regular</u>	<u>SLEP</u>
Retirees and Beneficiaries currently receiving benefits	133	14
Inactive Plan Members entitle to but not yet receiving benefits	109	2
Active Plan Members	156	17
Total	398	33

Contributions

As set by statute, the Franklin County’s Regular Plan Members are required to contribute 4.5% of their annual covered salary, the Franklin County’s Elected Official and Sheriff’s Law Enforcement Personnel Plan Members are required to contribute 7.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Regular Plan Members annual contribution rate for calendar year 2018 was 10.78%, and the SLEP Plan Members annual contribution rate for calendar year 2018 was 18.58%. For the year ended December 31, 2018, Regular Plan Members contributed \$690,330 to the plan, and the SLEP Plan Members contributed \$157,504 to the plan. Franklin County also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contributions rates for disability and death benefits are set by IMRF’s Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability

The Franklin County's net pension liability was measured as of December 31, 2018. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability for all plan members at December 31, 2018:

- The Actuarial Cost Method used was Entry Age Normal.
- The Asset Valuation Method used was Market Value of Assets.
- The Inflation Rate was assumed to be 2.5%.
- Salary increases were expected to be 3.39% to 14.25%, including inflation.
- The Investment Rate of Return was assumed to be 7.25%.
- Projected Retirement Age was from the experience-based table of rates, specific to the type of eligibility condition, last updated for the 2017 valuation pursuant to an experience study from years 2014 to 2016.
- The IMRF-specific rates for mortality (for non-disabled retirees) were developed from the RP-2014 Blue Collar Health Annuitant Mortality Table with adjustments to match current IMRF experience.
- For Disabled Retirees, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Disable Retirees Mortality Table, applying the same adjustments that were applied for non-disabled lives.
- For Active Members, an IMRF-specific mortality table was used with fully generational projection scale MP-2017 (base year 2015). The IMRF-specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
- There were no benefit changes during the year.
- The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Portfolio Target Percentage</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic Equity	37%	7.15 - 8.50%
International Equity	18%	7.25 - 9.20%
Fixed Income	28%	3.75%
Real Estate	9%	6.25 - 7.30%
Alternative Investments	7%	3.20 - 12.40%
Cash Equivalents	1%	2.50%
Total	<u>100%</u>

NOTE C - Municipal Retirement Fund - Continued

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 3.71%, and the resulting single discount rate is 7.25%.

Defined Benefit Pension Plan - Regular Employees

Plan Description - The County's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The employer plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information (RSI). That report may be obtained online at www.imrf.org.

Fund Policy - As set by statute, the County's Regular plan members are required to contribute 4.50 percent of their annual covered salary. That statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2018 was 10.78 percent. The employer also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled of the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE C - Municipal Retirement Fund – Continued

Defined Benefit Pension Plan - Regular Employees – concluded

Annual Pension Cost - The required contribution for calendar year 2018 was \$690,330.

Three Year Trend Information for the Regular Plan

Calendar Year Ending	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
12/31/18	\$ 690,330	100%	\$ 0
12/31/17	\$ 733,922	100%	\$ 0
12/31/16	\$ 693,658	100%	\$ 0

The required contribution for 2018 was determined as part of the December 31, 2016, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2016 included (a) 7.5 percent investment rate of return (net of administrative and direct investment expense), (b) projected salary increases of 3.50% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3% annually. The actuarial value of your employer Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The employer Regular plan's unfunded actuarial accrued liability at December 31, 2016 is being amortized as a level percentage of projected payrolls on an open 25 year basis.

Fund Status and Funding Progress – As of December 31, 2018, the most recent actuarial valuation date, the Regular plan was 82.93 percent funded. The actuarial accrued liability for benefits was \$17,879,727 and the actuarial value of assets was \$14,826,782 resulting in an underfunded actuarial accrued liability (UAAL) of \$3,052,945. The covered payroll for calendar year 2018 (annual payroll of active employees covered by the plan) was \$6,403,805 and the ratio of the UAAL to the covered payroll was 48 percent.

Defined Benefit Pension Plan - Sheriff's Law Enforcement Personnel

Plan Description - The County's defined benefit pension plan for Sheriff's Law Enforcement Personnel provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The employer plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information (RSI). That report may be obtained online at www.imrf.org.

Defined Benefit Pension Plan - Sheriff's Law Enforcement Personnel - Concluded

Fund Policy - As set by statute, the County's Sheriff's Law Enforcement Personnel plan members are required to contribute 7.50 percent of their annual covered salary. That statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2018 was 18.58 percent. The employer also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost - The required contribution for calendar year 2017 was \$173,144.

Three Year Trend Information for the Sheriff's Law Enforcement Personnel Plan

Calendar Year <u>Ending</u>	Annual Pension Cost (APC)	Percentage of APC <u>Contributed</u>	Net Pension <u>Obligation</u>
12/31/18	\$ 157,504	100%	\$ 0
12/31/17	\$ 173,144	100%	\$ 0
12/31/16	\$ 182,257	100%	\$ 0

The required contribution rate for 2018 was determined as part of the December 31, 2016, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2016 included (a) 7.5 percent investment rate of return (net of administrative and direct investment expense), (b) projected salary increases of 3.50% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3% annually. The actuarial value of your employer Sheriff's Law Enforcement Personnel plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The employer Sheriff's Law Enforcement Personnel plan's unfunded actuarial accrued liability at December 31, 2016 is being amortized as a level percentage of projected payrolls on an open 25 year basis.

Fund Status and Funding Progress - As of December 31, 2018, the most recent actuarial valuation date, the Sheriff's Law Enforcement Personnel plan was 89.57 percent funded. The actuarial accrued liability for benefits was \$4,371,574 and the actuarial value of assets was \$3,915,530, resulting in an underfunded actuarial accrued liability (UAAL) of \$456,044. The covered payroll for calendar year 2018 (annual payroll of active employees covered by the plan) was \$847,706 and the ratio of the UAAL to the covered payroll was 54 percent.

The schedule of funding progress, presented as required supplemental information (RSI) following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits for all three plans.

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE D - Social Security

Employees not qualifying for coverage under the Illinois Municipal Retirement Fund are considered “non-participating employees.” These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under Social Security. The County paid \$623,981, the total required contribution for the current fiscal year.

NOTE E - Short and Long-Term Debt

The County is subject to the Municipal Finance Law of Illinois, which limits the amount of debt that may be incurred (exclusive of revenue bonds) by the County to 2.875 percent of its assessed valuation. Therefore, the County’s legal debt limitation and legal debt margin as of November 30, 2018 was \$10,239,439 and \$7,718,167, respectively. The Franklin County Board is subject to the provisions of 50 ILCS 405/1, which allows them to borrow funds for specified purposes.

Governmental Activities:

2012 Revenue Bond Payable

The County Board entered into a long-term debt arrangement with People’s National Bank on August 9, 2005 for the construction of a juvenile detention center. This debt was refinanced on April 1, 2012 in form of alternative revenue bonds. The refinanced debt will be fully paid on December 1, 2028. This refinanced debt agreement bonded \$2,910,000 for 16 years at interest rates ranging from 2.7% to 5.9%. The bond agreement calls for semi-annual interest and annual principal payments. The combined annual debt and interest payments range from \$185,393 to \$244,800 per year.

The balance of the bond payable at November 30, 2018 is \$2,025,000. The County paid \$85,170 of interest on the bonds during the fiscal year.

Southern Illinois Bank 2013 Note Payable

The County Board issued taxable debt certificates of \$295,000 with Southern Illinois Bank on April 1, 2013 with an interest rate of 4.25%. The debt certificates call for semi-annual interest and annual principal payments. The debt certificates were paid in full in October 2018 paying principal of \$55,000 and interest of \$2,338 during the fiscal year ended November 30, 2018.

Southern Illinois Bank 2016 Note Payable

The County Board issued taxable debt certificates of \$550,000 with Southern Illinois Bank on February 15, 2017 with interest rates ranging from 3.75% to 4.75%. The debt certificates call for semi-annual interest and annual principal payments. The debt certificates are due on October 1, 2034.

The balance of the note payable at November 30, 2018 is \$496,272. The County paid \$19,495 of interest on the note during the fiscal year.

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE E - Short and Long-Term Debt – Continued

KS State Bank Note Payable

On December 5, 2016, the Franklin County Joint Emergency Telephone System Board entered into an agreement with KS State Bank to finance equipment. The balance of \$26,597 was paid in the full during the fiscal year ended November 30, 2018 and paid interest of \$2,467.

1. Summary of Debt Transactions

The debt obligations in the governmental activities as of November 30, 2018 is as follows:

	November 30, 2017	Additions	Deductions	November 30, 2018	Amounts Due in One Year

NOTE H - Assessed Valuation and Taxes Levied

Property tax is levied each year on all taxable real property located in the County. The board passed the 2017 levy in December 2017. Property taxes attach an enforceable lien on property as of January 1 and are payable in July and September, respectively. The County distributed the tax monies on August 9, 2018, November 2, 2018, December 31, 2018 and April 29, 2019. Taxes recorded in these financial statements are from the 2017 and prior tax levies.

NOTE K - Interfund Receivables and Payables – Concluded

Due from/to other funds balances at November 30, 2018 for the fiduciary funds, were as follows:

<u>Fund</u>	<u>Due From Other Funds</u>	<u>Due To Other Funds</u>
<u>Fiduciary Funds:</u>		
TVA	\$ 0	\$ 53,385
Tax Collector	476,816	127,661
Circuit Clerk	0	84,504
Mobile Home Privilege Tax	0	136,800
Forfeiture Redemption	0	137,538
Land Management	0	51,026
Interest Earned on Real Estate Taxes	0	9,371
Federal Housing	0	88,696
Total Fiduciary Funds	<u>476,816</u>	<u>688,981</u>
Interfund Activity Elimination	<u>(476,816)</u>	<u>(476,816)</u>
Government-Wide Interfund Receivable and Payable Balances	<u>\$ 0</u>	<u>\$ 212,165</u>

Purpose of Interfund Receivables and Payables

The funds with interfund payables collect fees and record payroll expenses that are due to other funds at the end of each month. The majority of the fees and payroll collected by the funds are due and payable to the General Fund. Subsequent to the balance sheet date, the balances of the routine interfund receivables and payables were refunded.

Non-Routine Interfund Payable

During the fiscal year ended November 30, 2018, the County General Fund incurred a material interfund payable due to the Special County Bridge Fund in the amount of \$450,000. The interfund payable was incurred to enable the County General Fund to meet its cash flow obligations at the time, inclusive of payroll obligations. As of November 30, 2018, the balance on this internal fund borrowing was \$405,000.

Transactions between funds are representative of lending/borrowing arrangements and are required to be reimbursed by the respective fund. All interfund transactions between governmental funds and internal service funds are eliminated on the government-wide statements.

NOTE L - Facility Maintenance

Per the Provisions of the Illinois Compiled Statutes, the Franklin County Sheriff provides for the maintenance of all Franklin County facilities, inclusive of the Franklin County Jail.

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE M - Risk Management

Significant losses are covered by commercial insurance for all major programs: property, liability, and workers compensation. During the year ended November 30, 2018, there were no significant reductions in coverage. Also, there have been no settlement amounts which have exceeded insurance coverage in the past three years.

NOTE N - Interfund Operating Transfers

Transfers are used to (1) move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in the other funds in accordance with budgetary authorizations.

The following offices collect fees, deposit them daily into fee accounts held by the office holder and subsequently turn over all fees collected to the County General Fund:

Circuit Clerk, County Clerk, Sheriff, and State's Attorney.

Individual fund operating transfers for the fiscal year ended November 30, 2018, were as follows:

<u>Fund</u>	<u>Transfer In</u>	<u>Transfer Out</u>

Net Total Reporting Entity Transfers	\$ 908,189	

The government-wide transfer of \$908,189 is required in order to present the IMRF obligations and contributions on the face of the government-wide financial statements.

The purpose of the transfer of funds are highlighted below:

- (a) To transfer funds for employee fringe benefits.
- (b) To transfer funds for debt payments.
- (c) To transfer funds for County Highway projects and operating expenses.
- (d) To transfer funds for operating expenses and fees collected.

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Continued
November 30, 2018

NOTE O - Federal and State Grants

In the normal course of operations, the County receives grant funds from various federal and state agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the grant of funds. Any liability for reimbursement that may arise as the result of these audits is not believed to be material.

NOTE P - Uncertainties & Contingencies

The County has received funding from state and federal grants in the current and prior years which are subject to audits by the granting agencies. The board of commissioners believes any adjustments that may arise from those audits will be insignificant to County operations.

NOTE Q - Economic Dependence

Franklin County, Illinois is fiscally dependent on funding from Federal and State of Illinois sources. Due to the State of Illinois' financial constraints, state payment delays or eliminations are possible for the fiscal year ending November 30, 2019. Changes in the amounts received, or timing of the amounts received, from the State of Illinois, could result in cash flow problems for Franklin County, Illinois, and may require budget amendments and cuts of services.

NOTE R - Fund Equity

At November 30, 2018, the following funds had a deficit in the fund balance or net position:

General Fund	Hazardous Materials Grant Fund
Recording and Computer Fund	Fire Construction Grant
Transportation Grant Fund	Payroll Withholding Fund
Fringe Benefit Fund	State's Attorney Records Automation
Child Support Fund	

NOTE S - Encumbrances

The County does not use encumbrance accounting, in which purchase orders, contracts, and other commitments for the expenditures of funds are recorded in order to reserve that portion of the applicable appropriation. Therefore, no amounts for encumbrances are reported in the basic financial statements.

NOTE T - Rent Expense

The Franklin County Highway Department encounters rent income and expense between the various funds it maintains. Generally, the County Highway Fund has purchased equipment and provides the funding for payroll and fringe benefits during the year. The other funds, such as Motor Fuel Tax, that incur projects during the year and utilize the equipment and manpower paid for by the County Highway Fund will reimburse the County Highway Fund for these expenses. These transactions have been disclosed in the financial statements as operating transfers in and out. For the fiscal year ended November 30, 2018, the County Highway Fund received \$500,000 in rent income from other highway funds that has been disclosed in the financial statements as transfers in from other funds.

FRANKLIN COUNTY, ILLINOIS
Notes to Basic Financial Statements-Concluded
November 30, 2018

NOTE U - Post Employment Benefits

In addition to the pension benefits described in Note C, the County provides post-employment benefit options for healthcare, life insurance, and dental insurance to eligible retirees, terminated employees, and their dependents. The benefits are provided in accordance with County ordinances, collective bargaining agreements, and the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). The criteria to determine eligibility include: years of service, employee age, disability due to line of duty, and whether the employee has vested in the respective retirement plan. The County funds the benefits on a pay-as-you-go basis. Eligible employees are required to pay set premiums for all or a portion of the cost with the County recognized for post-employment benefits. Expenses for post-retirement benefits are recognized as eligible employee claims. For a detailed description of the Plan's provisions, participants should consult the plan agreement.

NOTE V – Subsequent Event

These financial statements considered subsequent events through May 28, 2019, the date the financial statements were available to be released.

On April 2, 2019, the voters of Franklin County approved the authorization for the County to impose a 1% sales tax increase to finance the construction of a new Franklin County Courthouse and to complete the renovations to the Campbell Building for County offices.

NOTE W - Prior Period Adjustment

The net position of the County as of December 1, 2017 has been increased by \$37,116 in the governmental funds for prior period adjustments as detailed below. The adjustments had no effect on the change in net position for the current year.

	Governmental Funds
Prior Period Adjustments:	
ETSB 911 KS State Bank Loan	\$ (26,597)
ETSB 911 Capital Assets	63,713
Total Prior Period Adjustments	\$ 37,116

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

FRANKLIN COUNTY, ILLINOIS
Notes to Required Supplementary Information
November 30, 2018

NOTE A - Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2018 Contribution Rate

Valuation Date:
Notes Actuarially determined contribution rates are calculated as of December 31 each year, which are 12 months prior to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2018 Contribution Rates

Actuarial Cost Method:	Aggregate Entry Age Normal
Amortization Method:	Level percentage of payroll, closed
Remaining Amortization Period:	25-year closed period Early Retirement Incentive Plan liabilities: a period up to 10 years selected by the Employer upon adoption of ERI. SLEP supplemental liabilities attributable to Public Act 94-712 were financed over 21 years.
Asset Valuation Method:	5-year smoothed market; 20% corridor
Wage Growth:	3.50%
Price Inflation:	2.75%
Salary Increases:	3.75% to 14.50% including inflation
Investment Rate of Return:	7.50%
Retirement Age:	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2014 valuation pursuant to an experience study of the period 2011-2013.
Mortality:	For non-disabled, disabled, and active retirees, an IMRF specific mortality table was used with fully generational projection scale MP-2014 (base year 2012). For retirees, the IMRF specific rates were developed from the RP-2014 Blue Collard Health Annuitant Mortality Table with adjustments to match current IMRF experience. For active members, the IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.
Other Information: Notes	There were no benefit changes during the year.

*Based on Valuation Assumptions used in the December 31, 2016 actuarial valuation.

FRANKLIN COUNTY, ILLINOIS
Notes to Required Supplementary Information-Concluded
November 30, 2018

NOTE B - Budgets and Budgetary Accounting

The County annually prepares a budget and appropriations ordinance which includes most general, special revenue, and trust type funds. Once approved, the County Board may amend the legally adopted budget when unexpected modifications are required in the estimated revenues and/or appropriations. The budget information presented reflects the originally adopted budget and any budget modifications. The budget initiation process follows applicable statutes and regulations. The County does not employ encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of the applicable appropriation. Each fund's budget and appropriations ordinance is prepared on a detailed line item basis. Revenues are budgeted by source. Expenditures are budgeted by department and class as follows: services, materials, capital outlay, transfers, and debt service. This constitutes the legal level of control. Expenditures may not exceed appropriations at this level. Budget revisions at this level are subject to final review by the County Board. The budgets for all funds are prepared on the GAAP basis of accounting.

The annual budget is prepared by fund, function, and object, and includes information on the prior year, current year estimates, and requested appropriations for the next fiscal year. Prior to December 1, the proposed budget is presented by the County Board for review. The Board holds all applicable public hearings and may add to, subtract from, or change appropriations, but may not, however, change the form of the budget. All changes made must be changed by an affirmative vote of the County Board. The County's department heads and elected officials may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the County Board. If requested, the Board may, by two-thirds majority vote, make supplemental or emergency appropriations from available resources and may reduce or transfer appropriations among funds or departments.

NOTE C - Stewardship, Compliance, and Accountability

The following funds' expenditures exceeded the budget amount for such expenditures:

National School Lunch Program	Fringe Benefit Fund	Social Security Administration
Probation Services	IL Public Risk Safety Grant	State's Attorney Records Automation
Social Security Fund	Death Certificate Surcharge	General Fund
Sheriff County Forfeiture	Child Support Fund	Bond and Interest Fund
Tax Sale Automation Fund	Indemnity Mobile home	Senior Citizens Services
Law Library Fund	EMA Donation Fund	

The following funds had expenditures during the year but did not have an operating budget for the year ended November 30, 2018:

Township MFT	Sex Offender Fees	Campbell Building Construction
Sheriff's Fees Fund	Payroll Withholding	Hazardous Mitigation Fund
County Clerk Fees

FRANKLIN COUNTY, ILLINOIS
Schedule of Findings and Questioned Costs
For the Year Ended November 30, 2018

FINDING: 2018-1
(Repeat Finding)

Segregation of duties is limited (Significant Deficiency)

Criteria:

Generally Accepted Accounting Principles

Condition:

There is limited segregation of duties over cash receipts, cash disbursements and recording of transactions and reconciliation of the bank accounts.

Cause:

The cost versus the benefit of hiring additional qualified staff is not conducive for the County.

Potential Effect:

Transaction and reporting errors could occur and not be detected in a timely manner.

Recommendation:

The County should segregate or rotate duties so that no one individual handles a transaction from its inception to its completion. While the County's current staffing arrangement may not permit an adequate segregation of duties in all respects for an effective system of internal control procedures, it is important that you are aware of this condition.

Responsible Party and
Implementation Date:

The responsible party for this recommendation is the Elected Official of each County Office. They are currently working on delegating responsibilities within their offices to improve the controls and segregation of duties.

Management Response:

The County is aware of this condition. They will review their staffing arrangements, assignment of duties and employee bonding.

FINDING: 2018-2
(Repeat Finding)

Lack of Stabilization Policy (Significant Deficiency)

Criteria:

Governmental Auditing Standards Board Statement No. 54

Condition:

The County does not have a formal stabilization plan in the event of emergency situations or when revenue shortages or budgetary imbalances arise for the general corporate finances of the County.

Cause:

The County does not have the current cash flows to set aside funds.

Potential Effect:

The County would not be prepared financially in the event of emergency situations or when revenue shortages or budgetary imbalances arise.

FRANKLIN COUNTY, ILLINOIS
Schedule of Findings and Questioned Costs - continued
For the Year Ended November 30, 2018

FINDING: 2018-2
(Repeat Finding)

Lack of Stabilization Policy (Significant Deficiency) - concluded

Recommendation:

The County should establish a formal stabilization plan to set aside funds for use in emergency situations, or when revenue shortages, or budgetary imbalances arise. The stabilization plan should include provisions and controls that dictate the circumstances under which they can be spent. The stabilization plan should include amounts for budget or revenue stabilization, working capital needs, contingencies or emergencies, compensated absences, Courthouse repairs and maintenance and other designated purposes.

**Responsible Party and
Implementation Date:**

The responsible party for this recommendation is the Franklin County Board. A future implementation date is pending as the cash flow and revenue stream improves.

Management Response:

The County Board is aware of the finding and GASB 54 requirement and plan to formalize a plan when more cash flows are available.

FINDING: 2018-3

The County does not have proper collateralization at Regions Bank (Compliance)

Criteria:

The County is required to pledge collateral to cover all the County's bank accounts held at financial institutions.

Condition:

As of November 30, 2018, the County does not have adequate pledged collateral to secure the deposits at Regions Bank in excess of FDIC.

Cause:

In prior years the County's deposits held at Regions Bank did not exceed FDIC of \$250,000.

Potential Effect:

On November 30, 2018, total deposits of \$68,491 held at Regions bank is exposed to custodial risk. In the event of bank failure, the deposits exceeding FDIC are not guaranteed.

Recommendation:

We recommend that the County pledge collateral to secure the deposits in excess of FDIC and routinely monitor the deposits to insure they have proper collateralization.

**Responsible Party and
Implementation Date:**

The responsible party for this recommendation is the Franklin County Treasurer. On April 30, 2019 proper collateralization was obtained to secure the deposits at Regions Bank.

Management Response:

The County Treasurer agrees and has obtained proper collateralization at Regions Bank.

FRANKLIN COUNTY, ILLINOIS
Schedule of Findings and Questioned Costs - concluded
For the Year Ended November 30, 2018

FINDING: 2018-04

Negative Cash Balance (Significant Deficiency)

Criteria: The County should maintain a positive cash balance in each fund.

Condition: The County did not maintain a positive cash balance in a few funds. The most significant negative cash balance is the General Fund.

Cause: The General Fund had a negative cash balance of \$1,078,652 in the pooled Peoples National Bank account at year end.

Effect or
Potential Effect: This practice results in de facto loans to the General Fund from other funds.

Recommendation: We suggest that cash balances in each fund be monitored regularly, and if the General Fund balance is negative that the Board formally approve authorized loans from other funds.

Management
Response: Management is aware of the situation. The County is working to tighten their budget to reduce the negative balance.

FRANKLIN COUNTY, ILLINOIS
Schedule of Prior Findings and Questioned Costs
For the Year Ended November 30, 2018

FINDING: 2017-1

Condition: Segregation of Duties is Limited.

Current Status: Some County offices lack proper segregation of duties due to limited funds to employ additional staff.

FINDING: 2017-2

Condition: Lack of Stabilization Policy.

Current Status: The County Board has not implemented a formal stabilization plan due to limited cash flows to reserve for the plan.
