- 24) Based on information obtained from the Franklin County Sheriff's Department, we computed the allocable amount of fax, telephone and internet expenses to the civil process function.
- 25) We requested and received for the fiscal years ended November 30, 2009 and 2010, information from the Franklin County Clerk's office regarding the operating expenses of the Sheriff's Department.
- 26) Based on the square footage calculation, we calculated the allocable amount of the Sheriff's Department operating expenses to the civil process function.
- 27) Based on information obtained we computed the costs incurred with processing one civil process document.

Findings:

After review of all information supplied by the Franklin County Sheriff's Department, it appears that the Franklin County Sheriff's Department currently charges a base fee of \$36.75 for in-office and Benton delivery and \$36.75 plus mileage for all other parts of the County. The calculated cost of the Franklin County Sheriff's Department processing (1) civil service document is \$57.59. This represents a difference of \$20.84 for civil service documents served. The estimated number of billable civil service documents delivered for the years examined was 800 documents per year. The increase of \$20.84 per civil service document delivered would total \$16,672 of increased fees based on the average number of 800 billable civil service documents served per year.

PROCEDURES AND FINDINGS FOR INMATE BOND PROCESSING FEES:

Procedure:

We requested the employees involved in the Franklin County Sheriff's inmate bond processing collect data identifying their time spent on providing inmate bond functions.

Finding:

The Franklin County Sheriff's Department's employees involved in the inmate bond processing function provided us with the requested information concerning the time spent by employees on the inmate bond processing function.

Procedure:

We reviewed and analyzed the data collected regarding the inmate bond processing function.

Finding:

The review and analysis of the data collected produced a cost per inmate bond processed.

Procedure:

We reviewed the applicable state statutes that disclose allowable fees for the Franklin County Sheriff's Department.

Finding:

We found that 55 ILCS 5/4-5001 listed \$1 per inmate bond processed as the allowable charge unless a cost study was performed in accordance with OMB Circular A-87 and that study showed a cost of greater than \$1 per document to perform inmate bond processing.

Procedure:

We obtained and reviewed building overhead costs associated with the inmate bond processing function.

Finding:

Building overhead costs were allocated on the basis of square footage used by the inmate bond processing function as compared to the total square footage of the Franklin County Sheriff's Department.

Procedure:

We inquired as to when the current fees were last reviewed.

Finding:

It did not appear that the current inmate bond processing fees had previously been reviewed with a cost study conducted in compliance with OMB Circular A-87.

Procedure:

We inquired about the number of inmate bonds being processed annually by the Franklin County Sheriff's Department.

Finding:

For the year ended November 30, 2009, the Franklin County Sheriff's Department processed 3,000 inmate bonds.

Procedure:

We requested information for all employees involved with providing the inmate bond processing function and inquired as to the allocable time percentage for each employee.

Finding:

Upon inquiry, the Franklin County Sheriff's Department provided us with estimates of the individual employees' percentages of time allocated to the inmate bond processing function.

Procedure:

We requested the fringe benefit costs for all employees providing inmate bond functions.

Finding:

We were able to obtain the fringe benefit costs for all employees providing inmate bond processing functions.

Procedure:

We requested that the Franklin County Sheriff's Department provide us with the cost of material used specifically for the inmate bond processing function.

Finding:

We were able to obtain the cost of materials used specifically for the inmate bond processing function.

We inquired of other County Sheriffs' offices in the immediate vicinity about their respective fees for inmate bond processing.

Finding:

We found that the majority of the surrounding counties currently do not charge an inmate bond processing fee.

Procedure:

We reviewed all information supplied by the Franklin County Sheriff's Department in order to determine the cost of processing (1) inmate bond.

Findings:

After review of all information supplied by the Franklin County Sheriff's Department, it appears that the Franklin County Sheriff currently charges a base fee of \$0.00 for inmate bond processing. I would like to propose offering vision insurance to employees. This would be at no cost to the County, in fact there would be a 2% savings for the County on the dental insurance. The proposed insurance will be paid for 100% by the employee and would be on a voluntary basis.

The cost to the employee will be \$6.19 a month for employee or \$15.48 a month for family. The insurance will cover Eye exams, contacts, frames, and lenses.

Scenario:

If an employee goes to the eye doctor and has an exam, picks out \$160 frames and lenses with bifocals there breakdown for payment will be as follows:

Exam:	\$10.00	Copay
Frames:	\$48.00	\$100 allowance and 20% discount after.
Lenses:	<u>\$25.00</u>	Copay
Total	\$83.00

May 20, 2019

The Sheriff has requested a cost study of the area counties for civil process fees. I have acquired the requested information from area counties. The summary of each county is listed below and fee sheets are attached.

Franklin County -	\$50.00 - \$60.00 (flat rate)
Hamilton County -	\$39.00 plus \$0.50 per mile
Jefferson County -	\$45.00 plus \$0.50 per mile
Perry County -	\$51.00 - \$68.00 (flat rate)
Saline -	\$35.00 - \$48.00 (flat rate)
White -	\$35.00 - plus \$1.00 per mile
Williamson -	\$40.00 - \$47.00 (flat rate)

The counties with a flat rate collect their fees up front and the fees are determined by a base rate, plus mileage to the city of the defendant. In turn, the flat rate is a much simpler way of collecting fees.

Franklin County seems to be on task in comparison to the surrounding counties.

If further information needs to be obtained, please do not hesitate to ask.

Sincerely,

Julie Mabry
Civil Process Clerk
