Jim Muir  
Franklin County Circuit Clerk  
PO Box 485  
Benton, IL

Dear Mr Muir,

We were originally contacted by you on February 21, 2017 regarding some possible audit work related to Franklin County. We spoke briefly that day about the procedures that you would possibly like performed and that you would get back in touch with me at a later date. On June 12, 2017, you contacted me again by email to set up a meeting in person to discuss a possible forensic audit of the clerk's office.

We met at the Burger King in Okawville, IL for this meeting. Jeremy Plank of our office was also in attendance at the meeting. At that meeting, you expressed your concerns with the possible loss of funds in the Clerk's office. We went through the history of the past several years and also the findings of the forensic audit that was previously performed by the existing audit firm. Although the prior forensic audit did identify missing funds, in many instances, the case files could not be located to be able to portray the total loss of funds. We were then requested to perform a review of the past four years to determine if we thought any additional monies were missing that were previously not identified.

On June 29<sup>th</sup>, Jeremy went to the Franklin County office to get an overview of what records were available and what information we could expect to obtain from the JIMS system that tracks the court cases and related receipts. Upon returning to the office, Jeremy requested a download of cases from the JIMS system in EXCEL so he could review the entire case history for the four years and filter the cases in various ways to attempt to identify possible areas or cases that would be susceptible to fraudulent activity.

After several filtering processes and a review of the files, it was determined to perform a review of the cases identified as "Payment Del" and "Payment Chg". These cases appeared to have the greatest opportunity for fraudulent activity based on the nature of the transaction. Jeremy made a selection of case files that we wanted to examine and forwarded that list to your office to have those files pulled for our review. On July 18<sup>th</sup>, Jeremy, myself and another staff employee went to the County to review these selected files.

We were given a room to work in and were also given numerous boxes of case files. For the most part, the boxes contained case files that were not selected by us. We spent much of the morning going through the boxes in an attempt to find any file that we requested. For the few files that we were able to review, there did not appear to be any activity that appeared to be fraudulent. The documentation in the files appeared to agree to the receipts reported in the JIMS system. However, we were very limited as to looking at any of the files in our initial selection. After a pretty frustrating day, we met with you to go over what we had done that day and to discuss the whole process in general.

As part of the conversation, you noted to us again how the revenues paid to the treasurer's office greatly increased after you installed cameras in the Clerk's office and that you did not view this as a coincidence. At that point, we decided it may be best to switch directions and to focus on the receipt system in JIMS and whether or not all receipts are being posted and eventually deposited to the bank. We also decided to just focus initially on the latest year.

Jeremy requested a download of all receipts from the JIMS system. Since all receipt numbers are initiated by the system and not by an employee, we thought we should have been able to sequentially account for all activity and trace to the bank deposit. This report would also show all deletions and missing receipts. After receiving the file, we sorted by receipt number and found that a considerable amount of receipt numbers were not accounted for in the report. A second request was made to obtain the missing receipts. We received the new report with the missing numbers with no explanation of why they were not included in the initial request. As a possible cause for lower receipts, we merged these reports and then compared the daily receipt totals to the daily totals on the "Voucher Totals" report. We performed this operation for several months in 2016 to see if this would reveal any unrecorded receipts. In all cases, the receipts from the merged files agreed, in total, to the "Voucher Totals" report and then to the bank deposit. What we originally interpreted as possible missing receipts appears to be just an incomplete report provided to us by JIMS.

In connection with the above verification of monthly totals, we also agreed the payments to the Treasurer's office with amounts as reported as received by the Treasurer's office. All monthly totals were very close to the balances the Treasurer had noted as received. We also compared the total monthly amounts received on the Voucher Totals report with the payment totals by fee. Several months had an irregular correlation between receipts and payouts. The cause of those differences is being investigated by your office at the time of this letter. Your office also noted to our firm that checks were being paid from the EPAY bank account for services that would normally be paid from the general operating account. At last notice to us, that is also still being investigated.

---

I am writing this letter to just kind of summarize what we had done and any results of our work. We also spent hours analyzing the case file download and the receipt file download for instances that would indicate fraudulent activity. Our biggest difficulty in performing the work was receiving accurate computer files, such as the initial receipt file. We felt like we received resistance in obtaining the reports from the JIMS system and then we would later find out the files were not all

inclusive as we had requested. This misformation would lead us on tangents that would eventually lead to dead ends upon receiving additional information. Between missing case files and inaccurate reports, we do not feel that we have been as thorough or as comprehensive as we would have preferred. I noted this frustration to you earlier and I had the sense you shared this same feeling. From our conversations, you had noted to me the difficulties you had in trying to locate source documents for general activity.

At this point, there is doubt as to whether any additional work would reveal any significant wrong doing. This work is very time consuming and the cost/benefit doesn't appear to be on the positive side. For example, if monies were received at a desk, and never entered into the receipt system, there would be no record of any type of theft related to these monies. There are two likely indications that this would have been happening. Either 1) a JIMS system report could show if there is an outstanding balance related to fees that are abnormal or 2) if a person complains of a payment not being applied to his account. We were told these complaints were minimal in nature and possibly not accurate. We were not supplied, at this time, with a report from the JIMS system that lists outstanding balances. Trying to trace these unrecorded payments would be very tedious work and quite possibly produce little results.

It appears that we ran into the same difficulty of locating pertinent information such as files, computer reports and other supporting documents that you and the audit firm encountered in trying to locate information and close out the prior audit. Without having access to the missing information and being able to locate information, we cannot be certain if funds were indeed missing and it is likely to remain unknown if there was any mishandling of funds. Please let me know if you would like to proceed in any other areas that fraudulent activity may be suspected.

I would like to thank you and Cathy for your assistance and patience throughout this forensic review.

Sincerely,

Kevin Tepen, Partner, CPA, CVA

## Fund Balance Policy

### Developed for GASB 54

#### *Purpose*

The Franklin County Board recognizes that the maintenance of a fund balance is essential to the preservation of the financial integrity of Franklin County, Illinois and is fiscally advantageous for both the County and the taxpayer. This policy establishes goals and provides guidance concerning the desired level of fund balance maintained by the County to mitigate financial risk that can occur from unforeseen revenue fluctuations, unanticipated expenditures, and similar circumstances.

#### *Definitions*

Fund balance is a measurement of available financial resources and is the difference between total assets and total liabilities in each fund.

GASB Statement 54 distinguishes fund balance classified based on the relative strength of the constraints that control the purposes for which specified amounts can be spent. Beginning with the most restrictive constraints, fund balance amounts will be reported in the following categories:

- 1) **Nonspendable fund balance** – amounts that are not in a spendable form (e.g., inventory) or are legally or contractually required to be maintained intact (e.g., permanent fund principal).
- 2) **Restricted fund balance** – amounts that can be spent only for the specific purposes stipulated by external parties either constitutionally or through enabling legislation (e.g., grants or donations).
- 3) **Committed fund balance** – amounts that can be used only for the specific purposes determined by a formal action of the Franklin County Board. Commitments may be changed or lifted only by referring to the formal action that imposed the constraint originally (e.g., the board's commitment in connection with future construction projects).
- 4) **Assigned fund balance** – amounts *intended* to be used by the government for specific purposes. Intent can be expressed by the Franklin County Board or by a designee to whom the governing body delegates the authority. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.
- 5) **Unassigned fund balance** – includes all amounts not contained in other classifications and is the residual classification of the general fund only. Unassigned amounts are available for any legal purpose.

*Policy*

The responsibility for designating funds to specific classifications shall be as follows:

**Committed Fund Balance** – The County Board is Franklin County’s highest level of decision-making authority, and the formal action that is required to be taken to establish, modify, or rescind a fund balance commitment is a resolution approved by the County Board.

**Assigned Fund Balance** – The Franklin County Board has authorized the various department heads as officials authorized to assign fund balance to a specific purpose as approved by this fund balance policy.

*Minimum Unassigned Fund Balance*

Due to current state of Franklin County’s finances upon adoption of this fund balance policy, and the existence of a deficit fund balance in the General Fund, there is currently no minimum unassigned fund balance. It is the goal of the Franklin County Board to achieve and maintain an unassigned fund balance in the general fund of not less than 10% of General Fund revenues. Reasonable professional opinions agree that creation of a minimum fund balance meeting the goal set forth in this policy could take 5-10 years.

*Order of Expenditure of Funds*

When multiple categories of fund balance are available for expenditure (e.g., a project is being funded partly by a grant, funds set aside by the Board, and unassigned fund balance), the District will start with the most restricted category and spend those funds first before moving down to the next category with available funds.

## **Franklin County Policy on Fixed Assets**

1. Franklin County will regard fixed assets as capitalized when all of the following criteria are met:
  - a. Assets purchased, built or leased have useful lives of one year or more.
  - b. A vehicle will be considered an asset if the price paid is \$5000 or more.
  - c. Furniture/Office Equipment will be considered an asset if the price paid is \$500 or more.
  - d. Multiple assets whose cost is less than \$500 but the aggregate total is \$500 or more are capitalized.
  - f. The cost of renovating the asset is \$500 or more and prolongs the life of the asset.
2. The method used to calculate depreciation will be “straight line” and the estimated useful life for fixed asset purchases will be in accord with IRS guidelines. Depreciation expense will be appropriately and accurately calculated and recorded for all fixed assets. The software to be used for this process is Thomson Reuters Fixed Assets CS.
3. Addition/deletion of fixed assets will be recorded by each department on the attached “Asset Management Tracking Form”. The attached form shall be considered part of this policy. This form should be submitted to the Treasurer’s office when a claim to pay the item is submitted.
4. Items purchased with Grant Funding shall be entered on the “Asset Management Tracking Form” in area titled Grant Funding Information.
5. Department heads will be required to approve their department’s section of the fixed asset schedule before the county’s annual audit. This step is necessary to assure all items on the schedule exist and are in possession of Franklin County.
6. Franklin County will regard the purchase of software programs as fixed assets subject to the above capitalization policy, and will amortize over an estimated useful life for fixed asset purchases in accordance with IRS guidelines. Costs associated with software maintenance and customer support are considered expenditures and will not be capitalized.

---

### **Other Considerations:**

(1) REPAIR is an expenditure that keeps the property in ordinary efficient operating condition. The cost of the repair does not add to the value or prolong the life of the asset. All repair expenditures are charged to the appropriate department and fund.

(2) IMPROVEMENTS are expenditures for additions, alterations and renovations that appreciably prolong the life of the asset, materially increase its value or adapt it to a different use. Improvements of this nature are capitalized.

(3) INVENTORY ITEMS are not considered fixed assets. For example, rock or salt which is purchased by the County Highway Department would be considered as inventory items but not as fixed assets.

Revised this 21<sup>st</sup> day of November, 2017.

## **Franklin County Board Policy for the Disposal of Fixed Assets**

1. The various Department Heads of Franklin County will, as needs arise, upgrade their equipment. This action will create the situation of having surplus or obsolete equipment, depending on the value, to be sold, transferred to another department, or destroyed. The Department Head shall prepare a list of all such fixed assets recommended for disposal - include their recommendation for the method of disposal, location of temporary storage, and shall submit the list to the Franklin County Board Office. (See Attachment A)
2. The County Board shall be responsible for disposal of assets purchased with funds from the county budget.
3. The County Board shall determine, by majority vote, the method of disposal to be used for the fixed assets listed which may include loaning the equipment to another Franklin County Department, selling it via auction or sealed bid, or outright destruction of the asset.
4. Assets which are to be loaned to another department:
  - a. Loan requests must be in writing and addressed to the Franklin County Board.
  - b. If assets are to be loaned to another department, an inter-agency agreement will be prepared to document the loan. Inventory of this asset will be the responsibility of the receiving department.
5. If assets are to be sold via sealed bid (which must also be in writing and addressed to the Franklin County Board), the following process will be used:
  - a. Notice will be placed on our website at [www.franklincountyil.gov](http://www.franklincountyil.gov) and on Facebook at **Franklin County, Illinois Government** listing items to be sold.
  - b. The Franklin County Board has the right to reject any or all bids.
  - c. The bidder submitting the highest bid will be sold the item or items in question. When two or more bidders submit the same bid, then Franklin County residents will be given preference over other bidders. After that, there will be a blind drawing to determine the successful bidder.

- d. All items must be paid for in cash or certified check when they are picked up by the successful bidder within seven days of receiving notification unless other arrangements have been made with the Franklin County Board through the County Board Administrative Assistant's Office. All items are sold "as is" and shall not be returned to the Franklin County Board.
6. If assets are to be sold at an auction, the following process will be used:
- Notice will be placed on our website at [www.franklincountyil.gov](http://www.franklincountyil.gov) and on Facebook at **Franklin County, Illinois Government** listing items to be sold.
  - Terms of payment and pick-up will be according to the auction service in charge of the sale.
  - All items are sold "as is" and shall not be returned to the Franklin County Board.
7. Any items which are deemed as unusable shall be properly discarded in a timely manner.

## ANNUAL ABATEMENT ORDINANCE

**ORDINANCE NO. \_\_\_\_\_**

ORDINANCE abating the tax hereto levied for the year 2017 to pay the principal of and interest on \$2,910,000 General Obligation Bonds (Alternate Revenue Source), Series 2012, of The County of Franklin, Illinois.

WHEREAS the County Board (the "*Board*") of The County of Franklin, Illinois (the "*County*"), by an ordinance adopted on the 2nd day of April, 2012 (the "*Ordinance*"), as supplemented by a Notification of Sale, dated April 4, 2012, did provide for the issue of \$2,910,000 General Obligation Bonds (Alternate Revenue Source), Series 2012 (the "*Bonds*"), and the levy of a direct annual tax sufficient to pay the principal of and interest on the Bonds; and

WHEREAS the Board has determined that funds are or will be available to pay all principal of and interest on the Bonds due on December 1, 2018, and June 1, 2019; and

WHEREAS it is necessary and in the best interests of the County that the tax heretofore levied for the year 2017 to pay such principal of and interest on the Bonds be abated;

NOW THEREFORE Be It Ordained by the County Board of The County of Franklin, Illinois, as follows:

*Section 1. Abatement of Tax.* The tax heretofore levied for the year 2017 in the Ordinance is hereby abated in its entirety. This abatement ordinance does not abate the 2017 bond and interest levy adopted by the county board in its annual levy ordinance scheduled for adoption on November 30, 2017.

*Section 2. Filing of Ordinance.* Forthwith upon the adoption of this Ordinance, a certified copy hereof shall be filed with the County Clerk of the County, and it shall be the duty of said County Clerk to abate said tax levied for the year 2017 in accordance with the provisions hereof.

*Section 3. Effective Date.* This Ordinance shall be in full force and effect forthwith upon its passage by the Board.

Adopted on \_\_\_\_\_, 20\_\_.

County Clerk

STATE OF ILLINOIS        )  
                            )  
COUNTY OF FRANKLIN     )

**FILING CERTIFICATE**

I, the undersigned, do hereby certify that I am the duly qualified and acting County Clerk of The County of Franklin, Illinois (the "County"), and as such official I do further certify that on the \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_\_, there was filed in my office a duly certified copy of Ordinance No. \_\_\_\_\_ entitled:

ORDINANCE abating the tax hereto levied for the year 2017 to pay the principal of and interest on \$2,910,000 General Obligation Bonds (Alternate Revenue Source), Series 2012, of The County of Franklin, Illinois.

(the "Ordinance") duly adopted by the County Board of the County on the \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_\_, and that the same has been deposited in the official files and records of my office.

I do further certify that the taxes heretofore levied for the year 2017 for the payment of the County's \$2,910,000 General Obligation Bonds (Alternate Revenue Source), Series 2012, as described in the Ordinance will be abated in their entirety as provided in the Ordinance.

I do further certify that this abatement ordinance does not abate the 2017 bond and interest levy adopted by the county board in its annual levy ordinance schedule for adoption on November 30, 2017.

IN WITNESS WHEREOF I hereunto affix my official signature and the seal of said County this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_\_.
