RE: E-MAIL

Dear Gayla,

Below is a list of your active email accounts ending in .org at this time. We would be able to setup .gov e-mail accounts for you instead if you choose to go with our new e-mail services.

When moving to a new service, I would recommend standardizing your e-mails to an e-mail address format ie. [gayla.sink@franklincountyil.gov](mailto:gayla.sink@franklincountyil.gov) or [gsink@franklincountyil.gov](mailto:gsink@franklincountyil.gov) or [gaylas@franklincountyil.gov](mailto:gaylas@franklincountyil.gov). I would also consider having generic email boxes for the elected officials so if or when they rotate out, there should be less communication issues due to address changes.

You would be able to have an e-mail account of [countyclerk@franklincountyil.gov](mailto:countyclerk@franklincountyil.gov) with an alias of [kevin.wilson@franklincountyil.gov](mailto:kevin.wilson@franklincountyil.gov) (for example) which would allow email messages to be delivered to either one of the account names.

There are two Options:

- 1. X92-MSOFFICE** **Cost Per Account - \$6.50 Per month**  
Microsoft Office 365 Hosted Exchange Plan 1  
50GB Email Box  
Up to 150MB Attachments  
**Two Factor Authentication for Account Setup as well as Web Access**  
Anti-malware & anti-spam filtering
- 2. X92-RSMAIL** **Cost Per Account - \$4.00 Per Month**  
Email Standard  
25GB Email Box  
Up to 50MB Attachments  
**Two Factor Authentication for Web Access only**  
Anti-malware & anti-spam filtering
- 3. E-mail Standard Archiving** **Cost Per Account - \$4.00 Per Month**  
(For either X92-MSOFFICE or X92-RSMAIL)
