SBA Offers Relief to Illinois Businesses, Private Nonprofits, and Residents Affected by Severe Storms and Tornado **Low-interest disaster loans now available**

WASHINGTON —The [U.S. Small Business Administration](#) announced the availability of low-interest federal disaster loans for Illinois businesses, private nonprofits, and residents affected by severe storms and tornado occurring June 21. The SBA issued a disaster declaration in response to a request received from Governor JB Pritzker on July 28.

The declaration covers the Illinois counties of Franklin, Hamilton, Jefferson, Marion, Perry, Washington, and Wayne, which are eligible for both [physical damage loans](#) and [Economic Injury Disaster Loans](#) from the SBA.

Businesses and private nonprofits are eligible to apply for business physical disaster loans and may borrow up to \$2 million to repair or replace disaster-damaged or destroyed real estate, machinery and equipment, inventory, and other business assets.

Homeowners and renters are eligible to apply for home and personal property loans and may borrow up to \$100,000 to replace or repair personal property, such as clothing, furniture, cars, and appliances. Homeowners may apply for up to \$500,000 to replace or repair their primary residence.

Applicants may also be eligible for a loan increase of up to 20% of their physical damage, as verified by the SBA, for mitigation purposes. Eligible mitigation improvements include strengthening structures to protect against high wind damage, upgrading to wind rated garage doors, and installing a safe room or storm shelter to help protect property and occupants from future damage.

“When disasters strike, SBA’s Disaster Loan Outreach Centers play a vital role in helping small businesses and their communities recover,” said Chris Stallings, Associate Administrator of the Office of Disaster Recovery and Resilience at SBA. “At these centers, SBA specialists assist business owners and residents with disaster loan applications and provide information on the full range of recovery programs available.”

SBA’s [Economic Injury Disaster Loan](#) program is available to small businesses, small agricultural cooperatives, and private nonprofit organizations — including faith-based organizations — with financial losses directly related to the disaster. SBA is unable to provide disaster loans to agricultural producers, farmers, or ranchers, except for small aquaculture enterprises.

EIDLs are for working capital needs caused by the disaster and are available even if the business did not suffer any physical damage. The loans may be used to pay fixed debts, payroll, accounts payable, and other bills which could not be paid due to the disaster.

Interest rates are as low as 4% for businesses, 3.625% for private nonprofits, and 2.875% for homeowners and renters, with terms up to 30 years. Interest does not begin to accrue, and payments are not due until 12 months from the date of the first loan disbursement. SBA determines eligibility and sets loan amounts and terms based on each applicant's financial condition.

Beginning **Monday, Aug. 3**, SBA customer service representatives will be on hand at the Disaster Loan Outreach Center in the primary county of Jefferson to answer questions about SBA's disaster loan program, explain the application process, and help individuals complete their application. Walk-ins are welcome, and you can schedule an in-person appointment in advance at appointment.sba.gov.

The hours of operation are listed below:

JEFFERSON COUNTY

Disaster Loan Outreach Center
United Way of South-Central Illinois
[716 Main St.](#)
Mount Vernon, IL 62864
